Precautions

On the power cord

- The supplied AC power cord (mains lead) is designed exclusively for this unit. It should not be used in combination with any other devices.
- Completely disconnect the AC power cord (mains lead) from the AC outlet (mains) if it is not going to be used for an extended period of time. When unplugging the AC power cord (mains lead), always grip the plug. Never pull the cord itself.
- If the AC power cord (mains lead) is damaged, contact your nearest Sony dealer or the store you purchased the product from for a replacement.

On placement

- Do not place the unit near heat sources or in a place subject to direct sunlight, excessive dust, or mechanical shock.
- Place this unit on a flat, level surface. When placed on a sloped surface, the unit may fall over or fall off the surface due to its own vibration, resulting in injuries, malfunctions, or performance degradation.
- Use caution when placing the unit on a surface that has been specially treated (with wax, oil, polish, etc.), as staining or discoloration of the surface may result.
- The speakers of this unit are not of magnetically shielded type. Do not place magnetic cards on the unit or near it.
- Do not place metal objects other than a TV around the unit. Wireless functions may be unstable.

How to care for the unit

- Any dust or dirt on the fabric part should be gently removed with a soft cloth.
 - Scratching the dirt off with the fingernails or applying excessive force may damage the fabric.
 - Do not use cleaning brushes, etc., as such tools may damage the fabric depending on the tool material.
 - If the fabric part is heavily soiled, wipe it with a soft cloth lightly dampened with a neutral detergent, then wipe it again with a soft dry cloth.
- Use of detergents or cleaners other than neutral detergent may cause color fading or fabric damage.
- Wipe the cabinet with a soft cloth dampened with a mild detergent. Do not use abrasive pads, cleansers, or solvents like alcohol or benzene.

On BLUETOOTH® communications

- Microwaves emitting from a BLUETOOTH device may affect the operation of electronic medical devices. Turn off this unit and other BLUETOOTH devices in the following locations, as it may cause an accident:
 - in hospitals, near priority seating in trains, locations where inflammable gas is present, near automatic doors, or near fire alarms.

Notes on transferring/dispersing

- Be sure to reset the unit, deleting private information and setting information before transferring/dispersing.
If the unit is transferred or disposed without resetting, private information may be inspected by a third person and abused.
For details of the resetting method, refer to Help Guide.

Other notes

- If a foreign object or water gets into the unit, turn off the unit immediately, unplug the unit from the AC outlet (mains), and consult with your nearest Sony dealer or the store you purchased the product from.
- **Data Processing Related to Internet Connection and System Software Update**
When this product connects to the Internet, Sony Corporation ("Sony") will process your IP address. Additionally, when this product needs to perform an update to receive the latest operating system software, display Privacy Policy through the "Sony | BRAVIA Connect" app or receive third party services, Sony will process IP address, version information of Privacy Policy, software version and country/region code of this product. If you do not want such data to be processed, do not set-up the wireless internet function.
Please note that the legal basis under EU law for Sony processing the above data for your internet connection and the provisions of software updates are the performance of the contract we have with you.
For more information about how Sony handles your data and your privacy rights, and for contact details if you have questions or concerns, please access the following URL and read the Privacy Policy. https://ssh-app-config.data-gateway.seeds.services/hec/pp/hec_pp_index.html
- When connecting the unit to the Internet, use the router (ADSL modem or optical line termination device with the router function supplied with the Internet provider, or Wireless LAN access point). If you connect to the Internet without using the router, a security problem may occur. If you are not sure that the wall outlet for the network line has the router function, ask your manager of the apartment house or Internet provider.
- If you have any questions or problems concerning this unit that are not covered in this manual, please consult your nearest Sony dealer.

How To Use

Installation, connection, and initial settings of the unit must be performed in accordance with the "Sony | BRAVIA Connect" app installed on your smartphone. For more information on how to use the unit, access the Help Guide from the URL on the cover of this document.

Mounting on a Wall

Refer to the Help Guide from the URL on the cover of this document for more details and other installation method.
